### Hospital Directors And Officers Hold Their Annual Meeting

The annual dinner of the Officers and Directors of the Everglades Memorial Hospital in Pahokee was held Monday night in the club room of the Elks club. A sumptuous steak dinner was served by the club and paid for by officers and directors out of their own pockets.

The annual dinner marked the 25th Anniversary of the Hospital and the administrator's report showed that the hospital is rocking along on an even keel, rendering a splendid service to help heal humanity's hurt. Administrator Luke Dufresne, in his annual report, pointed out the many improvements which have been made since the last annual meeting. His report met with warm applause from the group present.

In attendance at the meeting were those who have served on the hospital board through the years. Floyd Erickson is the present chairman of the board and he is ably assisted by Milton Douglas as vice chairman, Dick Parrish as secretary and Leonard Dobrow as treasurer. The term of Bill Plumer is expiring and his replacement will be named by the Governor at an early date.

Special recognition was given to members of the original hospital board which made the first effort to secure such a facility in 1936. Members of the board at that time were: Arthur Wells, S. J. Simmons, Jr., Dr. H. M. Elarbee, Harry M. McIntosh, Brooks Bateman, J. W. (Bill) Cochran, C. S. Moore, W. H. Vann, B. Elliott and R. P. Fletcher.

County Commissioner Paul Rardin, who was a member of the board of directors in 1938, gave an interesting resume of the trials and tribulations experienced during the formative years when efforts were made to get the hospital into operation. Mr. Rardin gave special recognition to the founding fathers of the institution. He also gave a brief history of the area's first doctor, Dr. Doster S. Spooner who came to the Lake Region in 1918 and was followed by Dr. Charles E. Creel in 1925. Dr. Spooner passed away several years ago. Dr. Creel is now living in Compton, Ala.

Following the coming of Dr. Creel there were others. They were Dr. O. B. Hazen, Dr. Geo. W. Elarbee and Dr. H. M. Elarbee, Dr. W. C. Young, Dr. E. J. Graham, Dr. E. C. Johnson, Dr. W. T. Gist, Dr. S. A. Williams, Dr. F. H. Potete, Jr., Dr. Robert Lester Hatton and the most recent arrival, Dr. Rex Ramsey. Of this group both Dr. Elarbee and Dr. Hazen are deceased. Dr. Hazen lives in Gainesville. Dr. Williams is in Miami. The others are practicing today in the Pahokee and Canal Point area.

The medical staff report was given by Dr. F. H. Potete, Jr.,

chief of staff, and it showed that there has been a total of 206 major operations and 221 babies delivered. The report said there have been 1,259 admissions to the hospital with only 43 deaths. Dr. Potete cited the wholehearted cooperation of the doctors and hospital officials in this area and pointed out that the area has excellent facilities. He cited the number of emergencies at 1,053 and said 815 X-Rays had been made during the year. The report summed up the excellency with which the hospital has been operated through the past year.

Com. Rardin in introducing guests called attention to the fact that the widow of Dr. Spooner was in attendance at the meeting. She was given special recognition and received heart-warming applause when asked to stand for special recognition.

The delectable dinner was prepared under the direction of Frank O'Connell, steward of the Elks club. The steaks were perfectly prepared and each one carried with it a baked potato and salad. Basket after basket of Frank's famous cheese biscuits were in handy spots on the tables so that each guest could help himself—and they did.

The beautiful flower arrangements on the tables were made by Mrs. Jess Elliott, the wife of a former board chairman.

### Good Size Stalk Of Cane Found In Area

Maybe it isn't the biggest stalk of sugar cane ever grown—but, it is a dilly. The stalk measures 8 1/2 inches in circumference, weighs 12 1/2 pounds and the cut stalk is seven feet long. What with sugar cane growing and planting at an all time high in the Everglades maybe this stalk will bring on more talk. How Minter Collins in Pahokee came to have this particular stalk of cane has not been explained. Maybe he is going to grow cane as a sideline in connection with his furniture business.

### C. Pt. Post Office Shows Increase

Business is better at the Canal Point Post Office, according to Mrs. Edythe Smith, Post Master. Records show that the third quarter—July, August and September—of this year topped the same quarter of last year by 39.7 percent.

This is an unusually large increase for the local office but is in line with the new industries coming to the area and their use of the Canal Point post office.

### Weather Record Tells That This Area Received 21.92 Inches of Rain In One 24 Hour Period Late in November 1932 Following A Dry Spell.

The above headline — "Driest September Since 1932" was run in the very same position in this newspaper on October 6, 1950. September, 1961, has set another new record in Everglades weather history. During September, 1961, a total of 1.31 inches of rain has wet the mudflats on the eastern shore of Lake Okechobee for a new record.

September, 1950, broke the 1932 record of 2.4 inches and again we have a new record which betters that one by 1.09 inches.

Weather records kept at the United States Sugar Crops Field Station in Canal Point reveal that this new record has been set and that the average rainfall in these parts for a 12 month period is usually 55.2 inches. B. A. Belcher, who is in charge of the station, made these records available this week.

In September, 1932, a month's rainfall of 2.4 inches fell. However, a couple of months later in November, 1932, there was a total of 21.92 inches of rain in a 24 hour period with the most of the rain coming down within a period of three hours.

So, gentle reader, if you are a farmer or merely growing a plot of flowers, don't worry too much about the shortage of rainfall, you may get it all in one night in the not too distant future.

### Pahokee Garden Club Will Meet

The Pahokee Garden Club met Tuesday at 10 A. M. with a sandwich luncheon meeting at the home of Mrs. William Plumer; Mrs. Frank Friend, President presiding. Instead of the Holiday House the club usually sponsor at Christmas time. They are changing to Christmas Decoration Display which will be open to the public early in December with Mrs. Jess Elliott, chairman, assisted by Mrs. Don Hillier and Mrs. Harry McIntosh as a committee with members participating a program of colored slides from an Illinois Christmas Flower Show presented by Mrs. Plumer and Mrs. Elliott.

Hostesses for the meeting were Mrs. Plumer, Mrs. Jess Elliott, Mrs. R. W. Sanders, and Mrs. Ed Jensen.

Mr. and Mrs. Buford Justice of Jupiter spent the weekend in Pahokee visiting her family and friends.

### Third Grade Needs Country Store Stuff

Mrs. Charles D. Stewart, the third grade teacher of the Canal Point Elementary School wishes to get the following articles to use in the third grade "Country Store" booth at the Halloween Carnival. If anyone has any of these articles lying around the house and would like to donate them to the school for this project please contact Mrs. Stewart or send them to her by one of your children.

The list consists of Costume jewelry, canned goods, odd dishes, Kitchen ware, potted plants, pot holders, handwork, and aprons.

### Funeral Services For W. T. Ward, 77

Funeral services for William Thomas Ward 77, of 2643 Bacom Point Road, Pahokee, who died Thursday in the Everglades Memorial Hospital following a lengthy illness were held Sunday at 11 a. m. at Williams-Wetherington Funeral Home Chapel. Reverend Charles Crauswell, Church of the Nazarene of Brooksville pastor, officiating. Burial was at Port Mayaca Cemetery.

Mr. Ward had been a resident of Pahokee for the past twelve years and was coming here from DeFuniak Springs. He followed the carpentry trade before his retirement.

Survivors include two sons, Daniel Gaston of Niceville and William Jr.; and daughter, Mrs. Annie Pearl Johns, Pahokee; a brother, J. B. Ward, Tampa; a sister, Mrs. Ida Walker, Ott, Ala.; nine grandchildren, and six great-grandchildren.

### Mike Cowart In Top 17 In Class At Bolles

Mike Cowart, son of Mr. and Mrs. Marvin Cowart of Pahokee, is a student at Bolles in Jacksonville. Mike is in the eighth grade along with 75 other boys. During the first six months period at school Mike came up with grades among the upper 17 in his class.

### S. J. Fisher, Pioneer Of Glades Passes

Samuel J. Fisher, 82, a former South Bay mayor and councilman, died at his home in South Bay Tuesday.

A pioneer resident, Mr. Fisher came to the Glades in 1919 from Miami. He was a native of Indiana. He served on the council for 12 years.

The funeral will be held today at the First Baptist Church in South Bay and burial will be at Port Mayaca.

### New Food Store To Be Open Tuesday

The Lake Region's newest and most modern food store will be open for business next Tuesday morning in a newly constructed building on Rardin Avenue in Pahokee. Operators of the store, to be known by the name of "Thriftway" are Leroy Miner and George Crews.

Mr. Miner has had many years experience in the food business and Mr. Crews last week sold his "Crews Community Grocery" in Belle Glade and will put full time to the new Pahokee store along with Mr. Miner.

Grand Opening of the store will be on Thursday, Oct. 26, the operators said.

Operation of the store will require more than a dozen employees. There will be a head butcher, an assistant butcher, a woman wrapper and a woman to display the meats. There will be three cashiers on full time and another part time. Mr. Crews said. They plan to have four stock boys to keep the shelves stocked completely and at least two more men in the produce department. Bags boys will also be available to bag and carry out the groceries, he concluded.

### It Is Lake Worth Tonite For Devils

The largest crowd of the season on Lake Worth High School football gridiron is expected tonight when the Lake Worth Trojans play host to the undefeated Pahokee Blue Devils.

The Blue Devils are leading the Suncoast Conference with four wins and no defeats. They also hold a win over Naples.

Pahokee Principal Brooks Henderson said the enrollment is "85 boys in the top three grades" and Coach Web Fell said he still has nearly 40 of those boys on the squad, having had 43 at the start of practice.

### Funeral Services Rev. John C. Petrie

Funeral services for the Rev. John C. Petrie 70, of Clewiston, who died unexpectedly at his residence Sunday evening were held Wednesday at 11:00 a. m. in the St. Marks Episcopal Church. Parrison Funeral Home was in charge of the Arrangements.

He moved to Clewiston in the year of 1951 and during this time he served as a community pastor to the St. John Episcopal Church in Belle Glade and to the Holy Nativity Episcopal Church of Pahokee. At the time of his death he was retired Vicar of his church.

by Doyle Conner  
Commissioner  
Florida  
Department of Agriculture

Besides being National Pretzel Week and National Flower Week, the week of October 22-29 also is National Honey Week. To us in Florida, honey and the busy little honeybee are of considerable importance.

At a fair ground recently, I noticed great numbers of bees scrambling along the surface of a concession counter trying to scoop up the sweetening from spilled soft drinks, candied apples and other such treats. I don't believe I've ever noticed before so many of the little creatures rubbing elbows with people.

Maybe there's a reason why bees have to look to new fields for sources of honey. The way Florida's rapidly expanding population is squeezing agriculture also has been caught in the press of progress.

Florida ranked third in 1960 in honey production with 277,000 colonies of bees providing a record 19,390,000 pounds of honey. That

# New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

*The Treasury explains why the new ones you buy and the ones you own now are better than ever*

**Q: How does the new  $3\frac{3}{4}\%$  interest rate benefit me?**

**A:** With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to  $2\frac{1}{2}\%$  for the first year and a half; then a guaranteed 4% each year to maturity.

**Q: When did the new rate become effective?**

**A:** June 1, 1959.

**Q: Does the new rate change the Bonds I bought before June 1, 1959?**

**A:** All older E and H Bonds pay more now—an extra  $\frac{1}{4}\%$  from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

**Q: Will the Bonds I own automatically earn their new rate?**

**A:** Yes. You don't need to do a thing—just hold on to your Bonds.

**Q: When my E Bonds mature, will they keep on earning interest?**

**A:** Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

**Q: With the new interest rate, should I cash in my old Bonds and buy new ones?**

**A:** No. The automatic  $\frac{1}{4}\%$  increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

**Q: How are series H Bonds different from series E Bonds?**

**A:** The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

**Q: In what denominations can I buy series E and series H Bonds?**

**A: E Bonds:** \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

**H Bonds:** \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.

**Q: How safe are U.S. Savings Bonds?**

**A:** Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

**Q: What if my Bonds should be lost, stolen or destroyed?**

**A:** You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

**Q: Where can I buy Bonds?**

**A:** Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

**Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?**

**A:** Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

*"Today we need a nation of Minute Men....  
citizens who regard the preservation of freedom  
as a basic purpose of their daily life...."*

—JOHN FITZGERALD KENNEDY

10 days after his inauguration  
as the 35th President of the  
United States.

Twenty years ago, in the dark, uneasy days before Pearl Harbor, the Minute Man of Concord, timeless symbol of our Nation's determination to defend its freedom, emerged as the emblem of the U. S. Savings Bonds Program. When war came, the Minute Man became the rallying force behind the huge and overwhelmingly successful effort to back our fighting men with War Bonds.

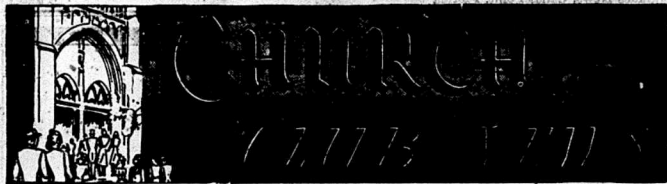

In this, the 20th anniversary year of Savings Bonds, the Minute Man of Concord calls all Americans to an unrelenting effort to help preserve our peace and freedom, threatened by forces more powerful and resourceful than those we faced in 1941. Though this effort will take many forms, one way open to all is the continued investment in Shares in America, U. S. Savings Bonds, by "citizens who regard the preservation of freedom as a basic purpose of their daily life."

### Christian Science Group Of Canal Point

Salvation is attained through spiritual awakening, growth, and progress. This is a theme of the Lesson-Sermon entitled "Probation After Death" which will be presented at Christian Science churches Sunday.

From John (5) will be read these words of Christ, Jesus: "Verily, verily, I say unto you, He that heareth my word, and believeth on him that sent me, hath everlasting life, and shall not come into condemnation; but, is passed from death unto life."

One of the citations from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states: "Universal salvation rests on progression and probation, and is unattainable without theme" (p. 291).

The Golden Text is from I Corinthians (6): "God hath both raised up the Lord, and will also raise up us by his own power."

### Welcome Visitors Making Record Mark

TALLAHASSEE—The Sunshine State has passed the half million mark in welcoming Official Florida Visitors since the program was launched six months ago, the Florida Development Commission said today.

The Tourist Division reported 520,000 of the green and yellow Official Florida Visitor stickers have been placed on automobiles and luggage at Welcome Stations and other points in Florida.

Governor Farris Bryant and Development Commission Chairman Director Wendell Jarrard, in ceremonies at the Capitol inaugurated the program in April to identify visitors and make them feel more welcome.

Mr. and Mrs. W. A. Letts and sons Jack, 22, and Jim, 18, of River-side, Illinois, became the first Official Florida Visitors and thus won a free one-week vacation through the Sunshine State.

Mrs. Kansas Todd and her mother, Mrs. Fannie Todd, of Canal Point were weekend guests of her son and daughter-in-law, Mr. and Mrs. C. L. Todd, in West Palm Beach.

## Flood Control Dist. To Deepen Channel Into The Big Lake

WEST PALM BEACH — The Central and Southern Florida Flood Control District is sending a dragline to the mouth of the Kissimmee River tomorrow to deepen a channel between the River and Lake Okechobee. This was announced today by Riley S. Miles of Kissimmee, Chairman of the FCD Governing Board.

Miles said that digging will begin in the next few days. The job will improve the flow of water from the Kissimmee River into Lake Okechobee. At the same time it will enable small boats to continue to travel between the River and Lake Okechobee.

Due to lack of rainfall, Miles said, shoaling at the mouth of the River has closed all but one channel on the southwest side. In this section water is now less than 18 inches deep.

The FCD will now dig out this southwest channel for a length of 600 to 700 feet. The job should be completed within two weeks. After completion there will be a navigation depth of at least 1½ to 2 feet in the channel between the River and the Lake.

"It should be recognized," Miles said, "that deepening of the present channel will be of value to boats only for a limited time—probably a few months—if we do not get more rainfall and if the level of Lake Okechobee continues to drop."

The channel digging has been authorized by the FCD partly in response to requests from property owners and boating interests in Glades, Okechobee and Osceola Counties.

"We try to assist in situations like this," Miles said, "if the job is not too expensive." He added that the deepened channel will be of great benefit to the Kissimmee Boat-A-Cade planned for October 22-29. Boat enthusiasts from throughout the United States are expected to take part in the Boat-A-Cade scheduled to leave Kissimmee and travel down the River October 25. The water-borne procession will now be able to navigate out into Lake Okechobee as planned and proceed on the tour which ends at West Palm Beach October 29. The Boat-A-Cade will travel from Lake Okechobee to Stuart via the St. Lucie Canal, then from Stuart south to West Palm Beach via the Intercoastal Waterway.

Channel deepening at the mouth of the Kissimmee is an authorized part of the Flood Control Project, it was explained, though the present digging is only a temporary measure.

A major construction program to widen, deepen and straighten the Kissimmee River for 58 miles, from Lake Okechobee to Lake Kissimmee, will be started later this year by the Army Corps of Engineers. Cost of construction, including six water control structures equipped with navigation locks, will exceed \$23 million. The overall Kissimmee River project is designed to serve a drainage area of 758 square miles.

David Ramey of Gainesville spent the weekend with his father, George Ramey in Pahokee. Mrs. Ramey is visiting their son-in-law and daughter, Mr. and Mrs. Hugh G. Miller III and infant son, Graham, of Rockledge.

## Slogan Wanted To Help Sell Citrus

TALLAHASSEE — State Commissioner of Agriculture, speaking before the Florida Fruit & Vegetable Association convention in Miami Beach recently, suggested a contest to select a slogan to use in advertising Florida citrus.

Conner's idea must have caught on, for, so far, he has received over 800 suggestions. He offered to pay \$100 out of his own pocket to the winning slogan.

The offer of the contest came prior to the Florida Citrus Commission's move to review the program of a group of advertising agencies interested in handling the \$2 million Florida citrus account. Conner presumably would like to have the agency receiving the Citrus Commission account make note of the slogan judged as winner of the contest.

Conner won't be making the winning choice himself, according to his aides. A selection committee is expected to be named to perform that chore.

## Birthday Party For Mrs. J. G. Weeks

The home of Mr. and Mrs. Joe E. Guerry, Jr., in Belle Glade was the scene Saturday, at 5 p. m., of the birthday celebration in honor of her mother, Mrs. J. G. Weeks 63rd birthday anniversary.

Barbecue dinner and the traditional four-tiered birthday cake decorated with yellow roses were enjoyed by her family and friends.

Guests included her husband J. G. Weeks of Canal Point; Mrs. Harold Lockmiller (Juanita Weeks) and daughters Ruth and Mary of Winlock, Wash.; Mr. and Mrs. Joe Calhoun and daughter, Frances; Mr. and Mrs. Robert Weeks and their children, Susan, Lois, and Bobby, all of Miami; Mr. and Mrs. James Weeks and children, Sandy, Jackie, Debbie, Cindy, Jimmy, and Billy, all of Pahokee; Mr. and Mrs. Walter McCarthy and children, Vicki, Phillip, Wanda, Brenda, and Janet, also the hostess and their children, Melvin and Donna, all of Belle Glade; Mr. and Mrs. Trevette Weeks and daughter, Patsey; Mr. and Mrs. Riley Barnes and Roy Barnes of Lake Worth; Mr. and Mrs. Dick Miller and sons; and Mrs. Ola Calhoun of Canal Point; Mrs. A. B. Barnes and Donald Barnes and two children of South Bay, also Mr. and Mrs. Murray Weeks of Lake Harbor.

## Turnpike Hires Lakeland Engineers

TAMPA — The Lakeland Engineering firm of Wellman-Lord Engineering, Inc. was announced today by the Florida State Turnpike Authority as one of the two Section Engineers on the Orlando to Wildwood section of the proposed turnpike extension.

A Boca Raton Engineering firm, John A. Grant, Jr., Inc., was announced as the other firm.

According to the Chairman of the Turnpike Authority, Tampa John M. Hammer, this completes the authority's list of section engineers for the proposed 156-mile extension from Fort Pierce to Wildwood.

Hammer said the acquisition by Wellman-Lord Engineering, Inc. of recently retired Assistant State Highway Engineer, Arthur L. West, was instrumental in the selection of the firm.

"Since the extension will be built to equal or exceed interstate standards, Mr. West's 30 years of planning experience in all phases of highway work throughout Florida will be invaluable to the turnpike authority," Hammer stated.

Mr. and Mrs. Wylie Kitchens of Gibson, Ga., left Tuesday for their home following a weekend here with her brother and sister-in-law, Mr. and Mrs. Frank H. O'Connell. Ron Terr Haar returned Saturday to Pahokee after a three week vacation with his parents in Michigan.

## Swamp Buggy Race Scheduled Naples

NAPLES—You can call it the Swamp Buggy Derby of Gumbo Handicap, for plain, dirty glue-like cypress swamp gumbo comprises the track over which Florida swamp buggies race each year.

Held annually near Naples, this mud-slinging affair highlights the unique three-day November celebration held as a certain raiser to the hunting season in Southwest Florida.

This year's celebration is scheduled for Nov. 3-5 with the swamp buggy races set for the afternoon of the final day. More than 5,000 persons will be on hand to watch the swamp buggies battle mud, time, other machines and more mud.

The buggies are divided into classes according to their power plants (4 to 8 cylinders), and type of drives (2 or 4 wheel), and the Derby consists of a series of class heats with an unrestricted free-for-all between heat winners determining the Swamp Buggy King.

Swamp Buggy drivers and spectators have a wonderful muddy and hectic time.

Mrs. Mae Laffin of Canal Point was the weekend guest of her brother and sister-in-law, Mr. and Mrs. Charles Adamson of Cocoa.

Mr. and Mrs. E. R. Crossman and family of Plantation were the Sunday guests of her mother, Mrs. Sam McKinstry of Pahokee.

## Employment Pix Shows Improvement

TALLAHASSEE — The Florida employment picture turned brighter in August as hiring took an upward turn and the number of jobs less dropped sharply, the State Industrial Commission reports.

Chairman Worley Brown said employment rose to 1,276,500, an increase of 2,700 over July and 11,600 over August of last year.

Meanwhile, unemployment dropped by 18,400 during the month. This drop was due largely to students leaving the labor market to return to school.

Brown pointed to other factors in the unemployment decrease, however. Railroad unemployment declined 10 per cent, agricultural job seekers dropped 12 per cent and new claims for unemployment insurance declined by 31 per cent.

**SALUTE TO FLORIDA COUNTIES •• PALM BEACH**

**COUNTY SEAT — WEST PALM BEACH**

Palm Beach County was formed in 1909 and was named for its tropical setting of palms and beaches.

Palm Beach is internationally famous as a winter resort and each year it plays host to visitors from every country in the world. Thousands of tourists provide one of the county's major sources of income.

Located in South Florida, on the East Coast, Palm Beach County comprises 1,649,920 acres and is the largest county in the state.

In progressive Palm Beach county, and throughout Florida, the United States Brewers Association works constantly to maintain the sale of beer and ale under pleasant, orderly conditions. Believing that strict law enforcement serves the best interest of the people of Florida, the Association stresses close cooperation with the Armed Forces, law enforcement and governing officials.
